Question 4:

Consultant	5.45
Specialty Trainee Lower	0.00
Specialty Higher Trainee	1.00
Clinical Scientist band 8	1.00
Clinical Scientist band 7	0.00
Clinical Scientist band 6	1.00
Clinical Scientist band 5	0.00
MTO band 4	0.00
MLSO Bank	0.00
MLSO band 8	1.00
MLSO band 7	2.60
MLSO band 6	4.60
MLSO band 5	2.00
MLSO band 3	4.60
MLSO band 2	0.50
Admin & Clerical band 4	0.00
Admin & Clerical band 3	2.21

Question 6

Biopsy cases - reported within 7 calendar days	There is no national target for 7 days	>80%
Histopathology reported within 10 calendar days	>90%	>90% of all histology cases
Cervical Histology reported within 7 calendar days	>80%	>80%
Cervical Histology cases reported within 10 calendar days	>90%	>90%
Bowel Cancer Screening Program (BCSP) reported in 7 calendar days	>90%	>90%
Bowel Cancer Screening Program (BCSP) reported in 10 calendar days	100%	100%
Outsourced histology reporting - Bioscience	N/A	≥ 95% 21 calendar days
Outsourced Non-Gynae reporting - Bioscience	N/A	≥ 95% 21 calendar days
Outsourced histology reporting - LDPath	N/A	≥ 95% 21 calendar days
Outsourced histology reporting - Poundbury	N/A	≥ 95% 21 calendar days
Outsourced Non-Gynae reporting - Poundbury	N/A	≥ 95% 21 calendar days
Delayed reports cases reported after 21 calendar days	N/A	≤10%
Local patient pathways, agreed with requestors, shall include anticipated turnaround times for all laboratory investigations	>95%	>95%
Non-Gynae cases		≥ 90% reported within 21 calendar days
Breast biopsy		≥ 90% reported within 14 calendar days
Urology (not template prostate)		≥ 90% reported within 14 calendar days
Template Prostate		≥ 90% reported within 21 calendar days
Lung biopsy		≥ 90% reported within 14 calendar days
Breast CA		≥ 90% reported within 21 calendar days
GI CA		≥ 90% reported within 21 calendar days
GYN CA (CXCA only)		≥ 90% reported within 21 calendar days
UROLOGY TYPE CA		≥ 90% reported within 21 calendar days
SCC		≥ 90% reported within 21 calendar days
Melanoma		≥ 90% reported within 21 calendar days
