

# Outpatient Care Coordination Solution

## FDP Product Privacy Notice

<b>Name of Product</b>	<b>Outpatient Care Coordination Solution (CCS)</b>
<b>Broad Description of Product</b>	<p>NHS Trusts use the information to improve their wait-list times and provide you with the best care within the most appropriate timeframe in relation to the outpatient care you are being provided by the hospital.</p> <p>The relevant healthcare information used in this system is collected within the trusts and utilised to identify the actions that the Trust can take to accelerate your care pathway. Only healthcare professionals and appropriate support staff will have access to your information to provide you with care.</p>
<b>Use Case</b>	Elective Care
<b>Controllers who use this Product</b>	The following NHS Trusts are using this Product: Salisbury Foundation NHS Trust
<b>The purpose for processing your personal data</b>	<p>The Outpatient Care Coordination Solution processes personal data including health data to support the better coordination of planned treatment, which we call elective care.</p> <p>The aim is to improve the delivery of planned treatment through better use of the information that the NHS Trust (“<b>Trust</b>”) holds, making sure the data is valid and accurate, and that the Trust can use the information to improve on the waiting times for elective care in the wake of the COVID-19 pandemic.</p> <p>The outpatient function allows healthcare professionals and appropriate support staff to view your health data in relation to your planned outpatient care in one location and in near to real-time, with all required information to support your inpatient care and in turn aids theatre usage. This means that your planned outpatient care happens in a timely manner.</p>
<b>Type of Data Processed &amp; categories of data</b>	<p><b>Personal Data</b></p> <p>Personal Data which is:</p> <ul style="list-style-type: none"><li>• Directly Identifiable Data</li></ul> <p>will be processed for the purposes above.</p>
