Statement of main factors taken into account in making the above declaration

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

The Trust has reported a significant deficit for the last few years, the board approved a financial plan for 2020/21 which showed it unable to meet its control total, which in turn would require a need for distressed financing. However the Trust is deemed to be a going concern and plans to receive ongoing cash support from the Department of Health and Social Care.

Signed on behalf of the board of directors, and, in the case of Foundation Trusts, having regard to the views of the governors
